COMPANY

S T R E N G T H

We aim to elevate the essence of the lifestyle that best suits the contemporary mood. Our strength lies in our never-ending spirit to bring people's vision to reality. We have over five manufacturing units where we create excellence and build marvels with over 65K sq.m/day tiles production & 25K pcs/month sanitary ware production capacity. We

have a good global presence, exporting our products to 20+ countries and our products comply with the Indian Standard mark.

With a **strong** foundation and a **vision** for excellence, we strive to become a **trusted** leader in the industry by delivering the extraordinary.

Tile **sizes** that suit every **architectural** need

Selecting the right tile size is crucial for enhancing the functionality and aesthetics of any space. We offer tile sizes ranging from small to large, each designed to bring out the best in any setting. These sizes ensure a balanced and stylish finish, whether used for interiors or exteriors. Bring your architectural vision to life with our wide range of tile

sizes that offer versatility and functionality at their peak.

CHAIRMAN'S

M E S S A G E

MR. KARSHAN L. PATEL
Chairman
Oasis Tiles - India

Ultra Modern Surfaces For Extraordinary Spaces

Around the world, we've been witnessing technological advancement bringing in evolution to various industries. Likewise, the ceramic industry has also evolved from its primitive process of manufacturing tiles. This adaptation towards the contemporary changes has made India world's 3rd largest manufacturer across the globe.

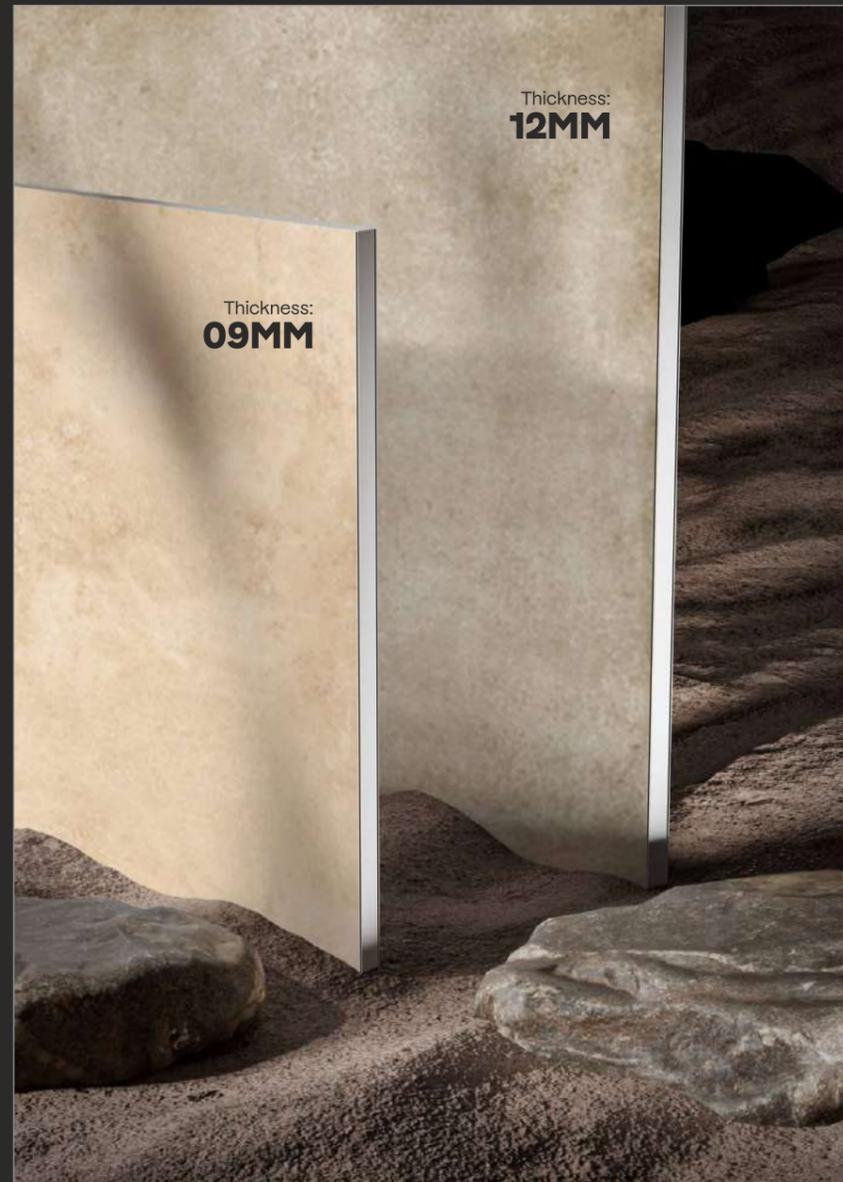

The Oasis group is India's leading company in the manufacturing of Vitrified & Wall tiles and Sanitary ware products. An entity founded in 2006, has flourished its way to rapid success, crowned to be India's leading manufacturers in the ceramic industry. Oasis has been recently awarded as India's Greatest Brands & Leaders 2016-2017 chosen by consumer & industry and also awarded Power Brand India, Industry Trendsetter 2017, storming its way to the top of ceramic tiles brands in India.

With such a huge label that we carry with ourselves, our strength lies in the amount of time and

technology we provide for the R&D department that allows us to come up with innovative and reliable solutions. To put those solutions into practice, we have got on board, most advanced technology, and machinery that we source from Italy and Spain. These parameters have helped us to obtain a massive growth rate since, in the year 2007, we had commenced with the production capacity of 55,000 SqMtr. per day along with exclusive sanitaryware plant with a total production capacity of 2,50,0000 pieces every year. All in all, with an extensive range of high gloss glazed vitrified tiles, glazed vitrified tiles, glazed outdoor vitrified tiles, full-body vitrified tiles, double-charge vitrified tiles, glazed ceramic wall tiles, and an exclusive sanitaryware collection, we are on the path to fulfilling our dream.

COMMAND ATTENTION THROUGH DESIGN

Create magnetic environments where every element serves the greater purpose of attention and motivation.
