Chairman's Message

Around the world, we've been witnessing technological advancement bringing in evolution to various industries. Likewise, the ceramic industry has also evolved from its primitive process of manufacturing tiles. This adaptation towards the contemporary changes has made India world's 3rd largest manufacturer across the globe.

The Oasis group is India's leading company in the manufacturing of Vitrified & Wall tiles and Sanitary ware products. An entity founded in

2006, has flourished its way to rapid success, crowned to be India's leading manufacturers in the ceramics industry. Oasis has been recently awarded as India's Greatest Brands & Leaders 2016-2017 chosen by consumer & industry and also awarded Power Brand India, Industry Trendsetter 2017, storming its way to the top of ceramic tiles brands in India.

With such a huge label that we carry with ourselves, our strength lies in the amount of time and technology we provide for the R&D department that allows us to come up with innovative and reliable solutions. To put those solutions into practice, we have got on board, most advanced technology, and machinery that we source from Italy and Spain. These parameters have helped us to obtain a massive growth rate since, in the year 2007, we had commenced with the production capacity of 55,000 SqMtr. per day along with exclusive Sanitary-Ware plant with a total production capacity of 2,50,0000 pieces every year. All in all, with an extensive range of high gloss glazed Vitrified tiles. Glazed Vitrified Tiles, Glazed Outdoor Vitrified Tiles, Full Body Vitrified Tiles, Double Charge Vitrified Tiles, Glazed Ceramic Wall Tiles and exclusive Sanitary-Ware collection, we are en-route to fulfilling your own dream.

MR. KARSHAN L. PATEL
Chairman
Oasis Tiles – India
